Intergovernmental Executive Committee (IEC) Elected Positions:

- Chair – Amber Torres, Walker River Paiute Tribe
- Vice-Chair – Pete Olsen, Churchill County Commissioner

IEC Members in Attendance:

- Navy – Captain Shane Tanner, Naval Air Station Fallon (NASF) (in person); Commander Dan Muller, NASF (in person)
- Bureau of Land Management (BLM) – Dan Westermeyer, Acting District Manager, Carson City District (via Zoom); Colleen Dingman, Acting Associate District Manager, Carson City District (via Zoom)
- Bureau of Indian Affairs (BIA) – Rachael Larson, Superintendent (via Zoom); Garry Cantley, Regional Archaeologist (via Zoom)
- Nevada Department of Wildlife (NDOW) – N/A
- Nevada Department of Conservation and Natural Resources (DCNR) – Jim Lawrence, Acting Director (in person); Scott Carey, State Lands Planner (in person)
- Churchill County – Pete Olsen, Churchill County Commissioner (in person)
- Lyon County – Vida Keller, Lyon County Commissioner (via Zoom); Ken Gray, Lyon County Commissioner (via Zoom)
- Mineral County – Cassie Hall, Mineral County Commissioner (via Zoom)
- Pershing County – Shayla Hudson, Pershing County Commissioner (via Zoom)
- Nye County – Bruce Jabbour, Nye County Commissioner (via Zoom)
- Eureka County – J.J. Goicoechea, Eureka County Commissioner (in person)
- Fallon Paiute Shoshone Tribe – Cathi Tuni, Chair (in person)
- Walker River Paiute Tribe – Amber Torres, Chair (via Zoom); Elveda Martinez, Water Resources Coordinator (via Zoom)
- Yomba Shoshone Tribe – N/A
- Pyramid Lake Paiute Tribe – N/A
- Lovelock Paiute Tribe – N/A
- Duckwater Shoshone Tribe – Debbie O’Neil, Vice Chair (via Zoom)
- Battle Mountain Band Te-Moak Tribe of Western Shoshone – N/A
- Elko Band Council Te-Moak Tribe of Western Shoshone – N/A
- Fort McDermitt Paiute and Shoshone Tribes – N/A
- Reno-Sparks Indian Colony – Arlan D. Melendez, Chairman (via Zoom)
- South Fork Band Council Te-Moak Tribe of Western Shoshone – N/A
- Washoe Tribe of Nevada and California – N/A
- Wells Band Council Te-Moak Tribe of Western Shoshone – N/A
- Winnemucca Indian Colony of Nevada – N/A
- Summit Lake Paiute Tribe – Randi Lone Eagle, Chairwoman (via Zoom)
- Te-Moak Tribe of Western Shoshone – N/A
- Yerington Paiute Tribe – N/A

IEC Liaisons and Support

- IEC Liaisons – Toni Burton, NASF Tribal Coordinator (in person); Zip Upham, NASF Public Affairs Officer (in person)
- IEC Support – Robin Schofield, NASF Community Planning and Liaison Officer (via Zoom); Allison Turner, Moderator, ManTech (in person)

Call to Order

- IEC Vice-Chair Pete Olsen called the meeting to order at 3:00 p.m.

Welcome and Committee Member Introductions

- Vice-Chair Olsen welcomed everyone and made opening statements.
- Ms. Toni Burton called roll. The list of attendees/absentees is above.

Verification of Agenda Posting

- The agenda for this meeting was posted in accordance with NRS 241.020.

Approval of Agenda

- One change to the agenda was made, which was the deletion of Agenda Item 7 (Presentation by the Yomba Shoshone Tribe).
- A motion was made by Ms. Shayla Hudson, Pershing County, to approve the agenda with the deletion of Agenda Item 7; the motion was seconded by Mr. J.J. Goicoechea, Eureka County. IEC members approved the agenda with the noted revision with no dissent.

Public Comment

- Vice-Chair Olsen opened the floor for providing public comments on the agenda, noting a three-minute time limit per person. Action will not be taken on the matters considered during this period until specifically included on an agenda as an item. The meeting moderator, Ms. Allison Turner, reviewed the instructions for providing public comments.
- No public comments were received during this public comment period. The public comment period was closed.

Old Business

- There was no old business to address at the meeting.

Approval of Meeting Minutes from April 11, 2022

- There were no changes to the meeting minutes from April 11, 2022. A motion was made by Mr. Goicoechea, Eureka County, to approve the meeting minutes; the motion was seconded by Captain Tanner, NASF. IEC members voted to approve the meeting minutes with no dissent.

Discussion/Possible Action: Navy Update

- **Legislative Update**
 - Captain Shane Tanner introduced Mr. Karnig Ohannessian, Deputy Assistant Secretary of the Navy, Environment and Mission Readiness, to the committee.
 - Mr. Ohannessian provided a status update on the legislative activities for the Fallon Range Training Complex (FRTC) modernization proposal. The Navy has submitted a legislative proposal to modernize the FRTC for the fiscal year 2023 National Defense Authorization Act. Mr. Ohannessian noted that, at the Nevada Congressional delegation's request, the Office of Management and Budget has taken the unprecedented step of including the Congressional delegation in the discussion of the administration's legislative proposal prior to transmitting to Congress. Mr. Ohannessian

stated that the Navy is supportive of mitigation measures and is mindful of the potential unintended consequences of modernization. He acknowledged there are still hard issues to work through, but the Navy remains committed to working with Tribes and stakeholders to find win-win solutions for both the Navy and Northern Nevada.

- Questions/Comments
 - Mr. Jim Lawrence, Acting Director of the Nevada Department of Conservation and Natural Resources, asked if there was anything that the IEC, his Department, or the State could do to facilitate getting agreements in place, to which Mr. Ohannessian replied that there is nothing specific or additional at this time except to continue with their work and involvement.
 - Vice-Chair Olsen read a written statement on behalf of Churchill County. The County expressed that they are opposed to the Navy's legislative proposal, which they feel does not include key provisions for minimization and mitigation of impacts. The County added that they support the amendments developed and offered by the Nevada delegation.
 - Mr. Goicoechea subsequently asked about the timeline and if the Navy was going to re-engage with Churchill County and local governments more, noting the importance of early-on coordination and involvement.
- **Cultural Resources Survey Update**
 - Mr. Mike Baskerville, Archaeologist, NASF, updated the IEC on the cultural resources surveys on the NASF ranges, the new Programmatic Agreement (PA), and the new Integrated Cultural Resources Management Program (ICRMP).
 - B-20: The Navy is in the process of inventorying 18,000 acres in the proposed B-20 range expansion area. Crews have completed surveys of approximately 56,000 acres of B-20 to date. Each field crew has a minimum of one Tribal archaeological technician assigned to them. Typically, there are three to five technicians on each rotation. The southwest corner of the inventory area is still flooded and will hopefully be accessible by the end of the summer. The inventory is expected to take two years.
 - B-16: This range inventory was 100% inventoried as part of the Environmental Impact Statement (EIS) process. Those inventories covered approximately 22,538 acres and documented or re-documented approximately 375 cultural properties. Inventories associated with construction of the B-16 boundary fence have been completed. The Navy is in the process of consulting on the effects of that fence with local Tribal representatives as well as the State.
 - B-17: Approximately 12,389 acres of B-17 were surveyed as part of the EIS process. Those inventories documented or re-documented 511 cultural properties. New inventories are being planned for B-17. The Navy sent out a draft work plan to Tribes and is in the process of receiving comments, which will then be incorporated into the plan.
 - PA: A new PA is being developed and is expected to be shared with Tribes in September 2022.
 - ICRMP: Development of a new ICRMP is being planned and will begin once the outcome of the modernization legislation is determined.
 - IEC members had no questions for Mr. Baskerville.
- **Tribal Engagement Update**
 - Ms. Kish LaPierre, Tribal Liaison, NASF, provided an update on Tribal engagement.

- Ms. Pierre showed a map of the 13 federally recognized Tribes in Northwest Nevada with whom the Navy consults and that may be directly or indirectly affected by activities of NASF.
- The Navy has initiated studies within the area of potential effect with respect to proposed expansion, including archaeological pedestrian surveys and ethnographic studies. Some of these studies will focus on known culturally important sites significant to Tribes and areas that have not yet been inventoried. The Navy has committed to identifying these important locations and studying them in conjunction with Tribal partners and involvement.
- The Final Draft MOA for Tribal access was emailed to Tribal partners on March 18, and mailed on March 21, 2022, for review and signature. Tribal partners are reviewing the MOA.
- Far Western, the contractor for the archaeological and ethnographic studies, has obtained considerable Tribal participation in the studies. Studies will resume in September.
- The Navy has committed to protecting burials in areas where a burial probability is at an increased risk. The Navy is kicking off a Native American Graves Protection and Repatriation Act (NAGPRA) study with Tribes with regards to two sets of human remains housed at the Nevada State Museum in Carson City.
- Upcoming B-17 archaeological studies will be kicking off with Tribal cultural experts in the field. Tribes are encouraged to comment on the work plan (as mentioned by Mr. Baskerville).
- The Navy received considerable input from Tribes on the Wildland Fire Management Plan. The Navy incorporated Tribal perspectives and issues, and a revised final draft will be distributed to all Tribes.
- Several archaeological sites were identified during the archaeological surveys for the B-16 fence project. Tribal consultation is ongoing and field visits have been completed. The Walker River Paiute Tribe offered the Navy a mitigation plan, which will be incorporated into the final report. Ms. Pierre thanked Tribes for participating in those efforts as well as consultation efforts with the State Historic Preservation Office.
- For the Off-Range Ordnance project, the Walker River Paiute Tribe is currently reviewing and commenting on the Preliminary Assessment Draft Report and the Munitions Response Site Prioritization Protocol.
- State Route 361 proposed realignment is a topic of concern to the Yomba Shoshone Tribe due to the proximity to their reservation. Captain Tanner visited the Tribe on July 6, 2022, to discuss the proposed road realignment. The Navy will continue to consult with Tribes on this proposal.
- Captain Tanner, the new commanding officer at NASF, is working on meeting with all 13 Tribes with whom NASF consults. He is committed to working with the Tribes.
- Questions/Comments
 - IEC members had no questions for Ms. LaPierre.

Call for Agenda Items for Next IEC Meeting

- No agenda items were suggested for the next meeting.

Scheduling of Next IEC Meeting

- The next IEC meeting will be held in the mid/late October timeframe (October 17–21 or October 24–28). A Doodle poll will be sent out for the members to vote for their preferred date and time.

Public Comment

- Vice-Chair Olsen again opened the floor for providing a public comments, noting the three-minute time limit per person. Ms. Turner reviewed the instructions for providing public comments.
- Mr. Bruce Jabbour, Nye County Commissioner, phoned in to say he had had technical difficulties, but had been on the line since roll call.
- Mr. Ken Gray, Lyon County Commissioner, noted that it would likely be his last meeting, and offered thanks and appreciation to everyone.
- There were no other public comments, and the public comment period was closed.

Adjourn

- Vice-Chair Olsen adjourned the meeting at 3:49 p.m.

- 3-minute maximum per person
- Be courteous and respectful!
- The Committee reserves the right to reduce the time or limit the total time allowed for public comment.

Old Business

- None

Approve July 11, 2022 Meeting Minutes

- Revised meeting minutes are included in IEC meeting package
- Changes received from DCNR
 - Minor corrections
 - Added who motioned and seconded actions for documentation

Naval Air Station Fallon

Intergovernmental Executive Committee Update

CAPT Shane Tanner
Commanding Officer
Oct. 25, 2022

FRTC Modernization

- The Department of the Navy submitted a legislative proposal to modernize the FRTC for FY23 National Defense Authorization Act.
- Navy will continue to work with the Nevada Delegation and stakeholders on the modernization legislation.
- Navy will continue to implement the Record of Decision (ROD) obligations and work with the Intergovernmental Executive Committee (IEC).

Natural Resources Program Intergovernmental Executive Committee Brief

Ann Schofield
October 25, 2022

Natural Resources

Integrated Natural Resources Management Plan (INRMP)

- INRMP Update (existing lands)

- FY22 funds awarded
 - Update goals and objectives
 - Integrate new component plans
 - Organize plan structure to improve usability
- Dixie Valley Toad status update
 - New ESA listed status and management measures

- INRMP Revision (FRTC modernization)

- Planning FY23/24 revision, if modernization approved
 - FY22 INRMP update to be used as initial draft
- New Operation & Effect signatures
- NEPA review of plan required, planning for an EA

Natural Resources

Wildland Fire Management Plan (WFMP)

•WFMP Status

- WFMP (existing lands) is completed
- Awaiting NEPA analysis before implementation

•WFMP EA timeline

- Draft EA public review – March/April 2023
- Final EA and FONSI signature – July 2023

•WFMP Implementation

- Awaiting NEPA analysis
- Collaborate with stakeholders on implementation
- Annual funding programmed to implement WFMP
 - Fire preventions measures
 - Post fire restoration
 - Plan revision if modernization is approved

Natural Resources

Sage Grouse Noise Study

- Study to evaluate whether change in overflight impacts Sage Grouse
 - Lowering airspace floor in eastern MOAs
 - Sage grouse habitat located under airspace – east of bombing ranges
- Navy collaborating with NDOW, USGS, USFWS
 - FY22 funds awarded to USGS by Navy and DOD Legacy
 - Noise study initial phases in progress
 - Desktop analysis of existing datasets
 - Field study design development
 - Pilot field study to be funded once study design is approved

Questions

Cultural Resources Survey Update Intergovernmental Executive Committee Brief

Mike Baskerville
October 25, 2022

B-20 Inventories

- Inventory of 118,000 Acres of B-20 Range expansion
- Inventory is resuming after summer hiatus
- Crews have inventoried approximately 56,000 acres
- Each field crew has a minimum of one Native American Archaeological Technician assigned.
- Field inventory is expected to take two years to complete

B-17 Inventory

- Approximately 12,389 acres of inventory was conducted as part of the FRTC EIS effort.
- Documented or re-documented approximately 511 cultural properties.
- The Navy has sent out a draft work plan to the Tribes in May. Finalized version is being prepared.
- Additional Inventories are being planned with FY23 funding. Work plan for that inventory will be sent out for comment. It should be a duplicate of finalized work plan.

Greenbelt Survey

- Inventory of 2,800 acres of primarily agricultural lands on NAS Fallon.
- Misty Brenner served as Native American Archaeological Technician.
- Inventory documented 75 sites, 17 isolated features (IFs), 71 isolated occurrences of artifacts 34 (IAs), 19 historical-period archaeological structures, and 12 irrigation structures.
- 46 properties recommended eligible, 29 were determined ineligible.

Fallon ICRMP and PA Development

- A new Programmatic Agreement (PA) is being developed. Procedures will be consistent with the protocol agreement currently being used by the Bureau of Land Management
- Development of a new Integrated Cultural Resource Management Plan is being planned for. Its development will begin after outcome of FRTC is determined.

Questions

NAS Fallon Tribal Program Updates Intergovernmental Executive Committee Brief

**Kish LaPierre
October 25, 2022**

NAS Fallon Tribal Program Updates

NAS Fallon Tribal Program Updates

NAS Fallon Tribal Program Updates

- *Final Draft Tribal Access Agreement (MOA). What is Next?*
- Ongoing Tribal Involvement Ethnographic and Archaeological Inventories (B-20 Area).
- Human Remains at Nevada State Museum, Carson City and *Draft* NAGPRA Report.
- Tribal Involvement Archaeological Inventories B-17 and *Draft* Work Plan.

Tribal Employment Opportunities

as part of the Fallon Range Training Complex Modernization,
Naval Air Station Fallon, Nevada.

Far Western Anthropological Research Group, Inc., under contract with Naval Facilities Engineering Command, Southwest Division is preparing to complete archaeological reconnaissance survey, an ethnographic study, and 16 Traditional Cultural Property evaluations within the proposed Fallon Range Training Complex Modernization areas for Naval Air Station Fallon surrounding Fallon, Nevada.

Far Western is offering multiple positions under two job titles:

- Tribal Technicians
- Ethnographic Consultants

Fieldwork is scheduled to begin late Summer/early Fall,
Far Western is beginning the hiring now.

We look forward to working with you and
discussing these opportunities further.

**The primary contact for all tribal hiring is
Ashley Parker, Tribal Hiring Coordinator
(206) 459-1370
ashley@farwestern.com**

Far Western Anthropological Research Group, Inc.

NAS Fallon Tribal Program Updates

- *Draft* Wildland Fire Management Plan EA and Tribal Consultation.
- B-16 Fence Installation and Ongoing Tribal Consultation.
- Off Range Ordnance *Draft* Report for Walker River Paiute Tribal Lands.
- Proposed Realignment of SR 361 in Gabbs Valley.

NAS Fallon Tribal Program Updates

- CAPT Tanner to Honor Native American Heritage Month November 2022.
- CAPT Tanner to host Tribal Visits to the Ranges 17/19 this fall/winter.
- CAPT Tanner is Committed to Continual Meetings and Working with all 13 Federally Recognized Tribes that NAS Fallon consults with.
